

# The Puppy Song

Alisa Turner

puppy come lay your head in my lap  
I will hold you until you fall asleep  
be my best friend I'll be your's till the end  
you will never ever have to look again

You can follow me home  
it will be your home too  
don't you worry  
I got plenty room for you  
one day I'll marry have a baby or two  
but no body can take the place of you  
cause I love you  
till the end we'll be friends  
so puppy come and lay your head
