

# They Don't Know

**Jon B**

Heard about past, things I used to do  
The games I used to play, the girls that didn't last  
I know what's on your mind, you think I'm doing wrong  
Can I say what is real? You are the only one When I'm not around, do you think of me?  
Or what the jealous ones are claiming me to be  
You should know by now that it's gonna take  
A lot of trust from you for us to make it through You should know that you're my angel  
Nothing's gonna make you fall from heaven  
Girl, I just want to love you, love Don't listen to what people say  
They don't know about, about you and me  
Put it out your mind 'cause it's jealousy  
They don't know about this here Don't listen to what people say  
They don't know about, about you and me  
Put it out your mind 'cause it's jealousy  
They don't know about this here Girl, let's talk about, what your friends told you  
That I'm a selfish man, want my cake and eat it to  
Maybe in my past, but you changed me now  
Now that I've learned to love, it's you that showed me how Your love's so real, I'd be a fool to play  
Play around on you, I want to stay with you  
You should know by now that it's gonna take  
A lot of trust from you, for us to make it through You should know that you're my angel  
Nothing's gonna make you fall from heaven  
Girl, I just want to love you, love Don't listen to what people say  
They don't know about, about you and me  
Put it out your mind 'cause it's jealousy  
They don't know about this here
