Internal Bleeding

Obituary

Rot alone. Destiny killing the souls of lives at your feet.
Dead to its fight, yellers descend.
Killing the darkened rotting fate. Fate.
Rot alone. Bludgeoning hell.
Finding their souls and returning to dwell.
Killing and bleeding tightened as one.
Killing the darkest rotting fate.
Rot all lesions. Glow raid. Rotting, plowed.
Dead he's killed your soul.
Glow raid. Rotting flower. Kill.
