Caroline

Rhett Miller

Friend of mine
You're so tall and so thin, all alone
Heart, blood, a heart made of stoneTake my hand
Darling, don't squeeze my fingers so hard
Yeah, we're off to a curious startPlease, don't leave
'Cause I'm begging youI would be devastated
'Cause I feel like we could have made it
Caroline, CarolineYou're so strong
A picture of cool I must say
I will love you forever todayThere you go
Please, don't leave'Cause I feel like we could have made it
Caroline, CarolineI am my own arch enemy
I am my own arch enemyHere we go
I can't believe all the things we have done
I cannot believe I am the oneCaroline
I am my own arch enemy
Caroline
I am my own arch enemyOh, and I would be devastated
'Cause I feel like we could have made it
Caroline, CarolineI am my own arch enemy
I am my own arch enemy
