

The Last Time

Lucky 7

It the last time that I cry, since I figured out what your heart about.
The picture you gave me the day you met me.
Back filled with words for us and love is all about trust.
I wanna forget you and all the times we shared.
I know I owe it to you.
All the pain I bared.
It the last time that I smile.
You say you heaven sent till lightening strikes again.
Don laugh at me now.
I gonna show you how memories fade to dust and love is all about trust.
How am I gonna get through when I cannot tell you how I feel.
And now the memories fade to dust.
Love is gone.
Whatever happened to trust?
