Bottom Line

Ratt

Right here is where your arm belongs
And I knew from the start, I knew it all along
Feeling all my feelings, playing with my fire
Make the next move, kindles my desire
And I know what I'm thinkin', that you know what I know
One thing's for sure is that I'll never let you goSome things last forever, stand the test of time
It's you and me together, that's the bottom line
Come Hell or high water, till the end of time
It's you and me forever, that's the bottom lineWas it love or a strange twist of fate
Hand in hand, heart to heart, we took it on blind faith
Turnin' back the pages and tryin' to find the facts
Our love is gettin' stronger, there's no turnin' back
No more nasty looks, you play no dirty tricks
Nothing here is broken, so there's nothing here to fixSome things last forever, stand the test of time
It's you and me together, that's the bottom line
Never say never, till the end of time
We'll go through Hell together, that's the bottom line, ow!If you want it, you know where to find it, it's forever
That's the bottom line
Don't forget it, you'll never regret it, we're together
That's the bottom lineSome things last forever, stand the test of time
It's you and me together, that's the bottom line
Come Hell or high water, till the end of time
It's you and me forever, that's the bottom lineSome things last forever, stand the test of time
It's you and me together, that's the bottom line
Come Hell or high water, till the end of time, yeah
No, no, never say never, that's the bottom line, yeahSome things last forever, stand the test of time
It's you and me together, that's the bottom line
