

# Come Winter

## Daphne Loves Derby

The First Day of fall is the last day I'll kiss the sky  
The cold air surprises my bones have been spoiled by the summer's heat  
The sun hides its face, and I'll hide mine too  
Sooner or later this winter will rain down and leave me to wait for one year.  
I'll be there, I'll be there  
Next year this time, I'll be there  
I'll dream of the past, and wish that I was there.  
I am burning the letters of days gone by  
I'm sorry, but I'm scared that my heart will regret all the things that I've done  
Breathe in all of the ashes of my mistakes.  
Gently collapse so no one will notice you're falling too short of your breath.  
I've wasted more time dreaming than living.  
I've wasted more time dreaming...  
I'll be there, I'll be there  
So cherish these days, enjoy every breath like it will be the last of your life.  
And never look back, and never look back  
Because you won't forget why you cried.
