

# Happy Holiday

## D.J. Santa Claus

Happy holiday, happy holiday  
While the merry bells keep ringing  
May your every wish come trueHappy holiday, happy holiday  
    May the calendar keep bringing  
Happy holiday to youIf you're burdened down with trouble  
    If your nerves are wearin' thin  
    Park your load down the road  
And come to Holiday InnIf the traffic noise affects you  
    Like a squeaky violin  
    Kick your cares down the stairs  
Come to Holiday InnIf you can't find someone  
    Who will set your heart a-whirl  
    Take your car and motor to  
The home of boy meets girlIf you're laid-up with a breakdown  
    Throw away your vitamin  
    Don't get worse, grab your nurse  
And come to Holiday InnHappy holiday, happy holiday  
    While the merry bells are ringing  
May your every wish come trueHappy holiday, happy holiday  
    May the calendar keep bringing  
    Happy holidays to youHappy holiday, happy holiday  
    While the merry bells keep ringing  
May your every wish come trueHappy holiday, happy holiday  
    May the calendar keep bringing  
    Happy holidays to you
