

# Alive

## Kenny Wayne Shepherd

Tears to a smile, it's a brand new day  
Roads take a turn, I think I found my way  
Words don't always say what they mean  
Whisper a prayer, what will it bring?  
What will it bring now? And I feel, feel so alive  
When I'm with you, everything's fine  
And I feel, feel so alive I want to fly but I ain't got wings  
I want to sing the song you sing  
"Cause when I'm with you, well I feel Yeah I feel, feel so alive  
When I'm with you, everything's fine  
And I feel, feel so alive And I feel, feel so alive  
When I'm with you, everything's fine  
And I feel, feel so alive  
Yeah, and I feel, feel so alive  
And I feel, feel so alive
