

We're the Kids

Parade of Lights

Falling like a neon star
Doesn't matter who you are
Undiscovered lovers call
Don't you want to risk it all? We are
Yeah, we're the kids now
We're the kids now
We are
Yeah, we're the kids now
We're the kids now
Feeling like you can't go on
Cigarettes and future hearts
I don't want to waste your time
Let's just make it last tonight We are
Yeah, we're the kids now
We're the kids now
We are
Yeah, we're the kids now
We're the kids now
