

Final Impact

Front Line Assembly

Hardened disciple
Feeling no pain
World domination
A restless day A new dimension
A fatal impact
Disturbed conditions
Terror reigns Pleasure constricts us
That is the way
Empty perversion
Crippled by fate Hostile aggression
Resent, resentful mentor
Our strength is growing
We're here to stay Unseen alliance
The sun is blackening
Memories fading
The final impact
The final impact Pleasure constricts us
That is the way
Empty perversion
Crippled by fate The skin starts tearing
Exposed the weakness
A piercing blunder
Holds no restraint Diverse communion
New revelation
A shrouded mortal
Bleeds all day Pleasure constricts us
That is the way
Empty perversion
Crippled by fate Pleasure constricts us
That is the way
Empty perversion
Crippled by fate [Incomprehensible]
