

Sun

D.H.T.

Tuh-Duhduh-Tuh-Tuh [x8]When the sun is coming through

I feel good

Sunshine all around

Where are you?Close your eyes and listen [x2]Tuh-Duhduh-Tuh-Tuh [x4]I can sing night and day

Throw your hands up and sing

Come and Party all night long

Won't you join me in the songWhen the night is coming out

I feel good

Moonlight all around

But where are youClose your eyes and listen [x2]Tuh-Duhduh-Tuh-Tuh [x4]I can sing night and day

Throw your hands up and sing

Come and Party all night long

Won't you join me in the songTuh-Duhduh-Tuh-Tuh [x4]
