Lost Hearts

Hotel Apache

When you left my life had to fall apart
But I guess I should have known
And you said that you would never leave me
I reflect now that I've been on my ownSo please don't tell me your love has a chance for you me
Cause I know you'll never take me thereIs there anybody willing enough to save me, I'm in the middle and I'm running with my head and heart, is there anybody willing enough to take me, oh god I know I need a place to startWould You care if I was brokenhearted?
And would I feel the same when you're all alone
And when I dream I know that's where the heart is cause all my life I did just to call it homeSo please don't tell me your love has a chance for you me
Cause I know you'll never take me thereI'm feeling the motion I'm feeling the motion is harder
I'm feeling the emotion is taking over
I'm feeling emotion, I'm leaving it open it's crazy
But I need to say it over loveIs there anybody there, is there anybody?
Is there anybody, who can save me? Is there anybody, who can save me?
