Bitter Winter

San Cisco

I don't wanna be, with anybody else
If I wanted someone like me
I'd hang out with myselfI'm stuck here, in the middle of winter
I feel a bit bitter about what you said to me
Well you never talk about it
Instead you scream and shout it
Never let nobody into let them know what you been throughYou love drama I believe in karma
I'm struggling and might see a shrink
I never thought that I would think thatI, no I don't wanna be
With anybody else but you
Can you come with me [x2]We're so different you and I
I think that's what first caught your eye
I'm your mistake, you're my escapseYou suggest the theatre
I go just to be with you
It's not something I like to do
I hate musicals, I know a [?]I, no I don't wanna be
With anybody else but you
Can you come with me [x2]I don't wanna be, with anybody else
If I wanted someone like me
I'd just hang out with myselfI, no I don't wanna be
With anybody else but you
Can you come with me [x2]
