

Still Running

Chevelle

Say it, say it, say it
Along, you support, then embrace
Another reason to see
Success, we unfold, clutching firm
Betting he panics for sure
Say it, say it, that it's done
I want it, want it, need it done
Say it, say it, that it's done
I want it, want it, need it done
The lie wants to know
Has it met expectations so far
Say it, say it, that it's done
I want it, want it, need it done
Say it, say it, that it's done
I want it, want it, need it done
Still running, never waking up to say it
Still running, never waking up to say it
Still running, never waking up to say it
Selfishly walking through
Killing the angles
Picking and choosing
To screw all of us one by one
So run, make amends
Feeling torn
Boy, you better be sure
Sure
Still running, never waking up to say it
Still running, never waking up to say it
Still running, never waking up to say it
Still running, still running
Still running, still running
Say it, say it, that it's done
I want it, want it, need it done
Say it, say it, that it's done
I want it, want it, need it done
