

Winter (Garden State)

[Joshua Radin](#)

I should know who I am by now
I walk the record stands somehow
Thinking of winter
Your name is the splinter inside me
While I wait And I remember the sound
Of your November downtown
And I remember the truth
A warm December with you
But I don't have to make this mistake
And I don't have to stay this way
If only I would wait The walk has all been cleared by now
Your voice is all I hear somehow
Calling out winter
Your voice is the splinter inside me
While I wait And I remember the sound
Of your November downtown
And I remember the truth
A warm December with you
But I don't have to make this mistake
And I don't have to stay this way
If only I would wait The walk has all been cleared by now
Your voice is all I hear somehow
Calling out winter
Your voice is the splinter inside me
While I wait I could have lost myself in rough blue waters in your eyes
And I miss you still I remember the sound
Of your November downtown
And I remember the truth
A warm December with you
But I don't have to make this mistake
And I don't have to stay this way
If only I would wait
