

# Sepulnation

## Sepultura

A nation built on sweat  
A nation built on blood  
A nation built on dreams Before the tongues are mute  
Before they hide the truth  
We'll be the ones who speak A nation, a nation  
A struggle, a struggle  
A weapon, a weapon  
Our music One mantra, one mantra  
One prayer, one prayer  
One belief, one belief  
All Gods We see without our eyes  
We walk without a path  
We fight with unity Search for a better way  
Change what's been done before  
Make our own history Rise up, rise up  
Resistance won't be stopped  
Rise up, rise up  
Sepulnation Rise, rise  
Corruption undisguised  
Rise, rise  
Sepulnation Confronting with our minds  
Destroying all the lies  
Unmasked by purity Burning the eyes of greed  
No fear, no disbelief  
Our faith is your misery A nation, a nation  
A struggle, a struggle  
A weapon, a weapon  
Our music One mantra, one mantra  
One prayer, one prayer  
One belief, one belief  
All Gods Rise up, rise up  
Resistance won't be stopped  
Rise up, rise up  
Sepulnation Rise, rise  
Corruption undisguised  
Rise, rise  
Sepulnation One nation above all  
Founded on our faith
