

This Can't Be Real

Barry Manilow

This can't be real as long as I love you
How could this ever be real as long as you're there?
Help me to feel the nightmare's behind me
That your love will find me, anywhere
Love is what's true the rest is illusion
What I've discovered with you no one can steal
The truth isn't what it seems, the truth is our wildest dreams
Real was your kiss but as for this, this can't be real
This can't be real so why do I love you?
I know that this can't be real still you are there
You aren't real but somehow you've found me
To haunt and surround me, you're everywhere

This isn't true it's only illusion
What I've discovered with you is just an ideal
This must be a dream, I know so why do I want you so?
Is it because, only because this can't be real, this can't be real
Love is what's true the rest is illusion
What I've discovered with you, no one can steal, no one can steal
The truth isn't what it seems, the truth is our wildest dreams
This must be a dream I know, so why do I want you so?
Real was your kiss is it because oh, but as for this
Only because, this can't be real, this can't be real, this can't be real
