That Knot Unties

David Karsten Daniels

If you close your eyes, do you
See any sky?
If you close your eyes, can you
Make out any skies?Is there a sky
When that knot,
That knot unties?
As you close your eyes.When you close your eyes, will you step
Into the skies?
As you close your eyes, do you step
Into the skies?Is there a sky
When that knot,
That knot unties?
As you close your eyes.When you close your eyes, I will resist
I will not cry.
When you close your eyes, I can't resist
I will not cry.
I will not try,
To know why.
To know why.But all things stop, die, die, die.
