

The Invisible Man

Halloween

I am the one who wants to show
You a secret of your cheating world
Wherever I will go, no one can see me
'Cause I'm the invisible man I'm a creature with one goal
Rise up to heaven when the time has come
I have no body but a soul
God's law is written on my way, forever Time by time I think it's over
The malediction I have got
When the world was young
I've been captured in the name of god
To save people, but who cares?
Since a thousand years
Until the holy land will come Here I am the invisible man
A lost fallen angel helping mankind where I can
My memories are there to save your world
For you I'm just the invisible man There's the destiny you don't know
I'm a guardian angel and whatever you'll go
You fight through your life not alone
You can't hear me, nor see me
But trust the holy flow Here I am the invisible man
A lost fallen angel helping mankind where I can
My memories are there to save your world
For you I'm just the invisible man
