Fall Out

The Police

I never followed leaders, I got no machine
And I paid my dues all along
Always says your freakin'
When I mess with other people
'Cause I knew that I was really aloneFall out, fall out with all the leaders and guys
Fall out, fall out with all the leaders and guysI saw my education, it was my indoctrination
Just to be another parking machine
Always says you're freakin'
When I mess with other people
'Cause I knew that I was not very cleanFall out, fall out with all the leaders and guys
Fall out, fall out with all the leaders and guysHenriFall out, fall out with all the leaders and guys
Fall out, fall out with all the leaders and guysFall out
