

# Perfect Love

## Leeland

I ran away from home  
You loved me, Lord  
I traded you for gold  
You loved me, Lord  
Lived like I'd never known  
That You Loved me, Lord I stayed away in shame  
You ran to me  
I wandered back afraid  
You ran to me  
I looked at You amazed  
You ran to me  
Your love had never changed  
You ran to me  
Your perfect love  
Your perfect love casts out all fear, casts out all fear  
Your perfect love  
Your perfect love casts out all fear, casts out all fear You saw what we'd become  
You loved us Lord  
You sent your only Son  
You loved us Lord  
We nailed You to a cross  
You loved us Lord  
Not that we loved You first  
You Loved us Lord Your perfect love  
Your perfect love casts out all fear, casts out all fear  
Your perfect love  
Your perfect love casts out all fear, casts out all fear  
You never stop chasing us  
You never stop chasing us  
With Your redeeming love  
You never stop chasing us Your perfect love  
Your perfect love casts out all fear, casts out all fear  
Your perfect love  
Your perfect love casts out all fear, casts out all fear Love You're a fighter  
You hold us tighter  
Than we wanna let go  
You'll never let go  
You never stop chasing  
The ones You love

Now we're singing the song  
You've been singing to us
