

# Spring Again

## Biz Markie

Yo this one aight though  
Yo, me and Cool V  
Dis dis dis gon' be dis gon' be our new single  
And when you hear this story you'll say it's aight though  
Yo yo yo yo Cool V, why don't you give me a cue  
One more cue, and then I'm ready to go in[Verse One]  
Don't you like when the winter's gone  
And all of a sudden it starts gettin warm  
The trees and the grass start lookin fresh  
And the sun and sky be lookin their best  
Birds be singin, flowers be bloomin  
A lot of brand new cars be zoomin  
Fly girls lookin the best they can be  
And the guys be dukey dukey Dan you see  
Besides all that I like the warm weather  
Cause that's when you can get yourself together  
But I like Easter time with a grin  
Cause when I was little we used to go to Coney I-land  
We used to eat a lot of stuff like cotton candy  
Cause back then, it was like fine and dandy  
You used to get dressed up in double knits  
And your plaid suit jackets, they were the shifts  
The good ol' days, was back then  
And the reason I reminisce, cause..[Chorus: Biz sings - voice slowed down]  
It's spring again  
Everybody know it's spring again  
To the girls and boys and people above  
This is the time to fall in love[Verse Two]  
Now girls - have you ever broke up with your boyfriend  
And you felt that the world was comin to an end  
Sittin around the house poutin for no reason  
Just because you thought your man was skeezin  
For a couple of days, look gloomy and gray  
Thinkin about the ol' happy days  
All of a sudden, the telephone ring  
He beg for your forgiveness and you know what that brings  
Joy and happiness into your life  
Before you felt like your heart was stabbed by a knife  
I'm tellin you gi
