Little Girl coz you're looking for trouble
Little Girl coz you're living in a man made bubble
Lets try and find someone for you to blame
He's tinder dry and you're a burning flame

Little boy coz you looking for trouble
Little boy coz you built that little girl her bubble
Your feeling fine but you know that you're to blame
Your tinder dry and she's a burning flame

You Lucky Monkey x8

Little Girl coz you found that trouble
Little Girl coz you broke out of that man made bubble
You'll never find someone for you to blame
Your tinder dry and he's a burning flame

Little boy coz you found that, what, Trouble!
Little Girl coz you made it go ka rat tat tat tat
Your gonna find someone who sounds the same
Your burning fire and he's the gasoline

You Lucky Monkey x8

Alice knows everything about me
And she accepts that we can be
Together for only a little while
But what we had is like a life time to me
