Turn Me Off

Audrye Sessions

I've been to places that are still making my head spin
I did once but I'll never ever do it again.
Turn around a little slower, round a little slower, round,
Turn around a little slower, round a little slower, round.Turn me off
Cause the time I've killed has slowly killed me.
Turn me off
Let the light burn out and finally set me free.I'm on a plane where my soul used to exist,
Simple demental so my hand closed up like a fist.
Turn around a little slower, round a little slower, round,
Turn around a little slower, round a little slower, round.Turn me off
Cause the time I've killed has slowly killed me.
Turn me off
Let the light burn out and finally set me free.
