# Ticking Bombs

## Eyes Set To Kill

I used to stay away
I used to stay away from you
Such a funny thing
The liars in us do.
I used to stray away
I used to stray away from truth
I cling to confliction
Like the battered and confused.
You're a guilty pleasure
You're a guilty pleasure.
Hearts knocking like a ticking bomb
Like a ticking bomb
Hearts knocking like a ticking bomb.
I used to tell myself
That I would never change a thing
Now I'm someone else
And I can't remember me
And now I know you well
I know you well enough to say
What they call love
Is just another twisted game.

You're a guilty pleasure
You're a guilty pleasure.
Hearts knocking like a ticking bomb
Like a ticking bomb
Hearts knocking like a ticking bomb
Like a ticking bomb.
Hearts knocking like a ticking bomb
Like a ticking bomb
Hearts knocking like a ticking bomb
Like a ticking bomb.
(You're a guilty pleasure)
Hearts knocking like a ticking bomb
Like a ticking bomb
(You're a guilty pleasure)
Hearts knocking like a ticking bomb
Like a ticking bomb.
I used to stay away

I used to stay away from you
Such a funny thing
The liars in us do.
