

# Luck

**Michael Salvatori & Martin O'Donnell**

It's cold outside in the middle of the winter and my brain's in the fridge  
Would you know what shape I'm in  
Point things in the better I'm lucky if I even give into the sin  
Would you know what shape I'm inAnd it's all been luck until now  
Caught in the race of up to down  
Photography mixed in the monogamy keepin' my world happenin'  
Would you know the shape I'm inI know that I'm better when I know that you're better and I'll hold you again  
Would you know what shape I'm inAnd it's all been luck until now  
Caught in the race of up to down  
Photography mixed in the monogamy keepin' my world happenin'  
Would you know the shape I'm inAnd it's gonna rage it's gonna stay with you always  
Every second counts on you to prove you're of the ground  
It's cold outside in the middle of winter and my brains in the fridge  
Point things in the better I'm lucky if I even give into the sin
