

Spaghetti

Emblem3

I don't need to be impressive, I don't need to run the game
I don't want to keep on chasing, maybe I'll just go my way Ayeee ee ayee ee everything's gonna be alright,
alright I don't need no bumpin music, all I need is my guitar
I don't need no late night cruisin, I don't even got a car Like ayeee ee ayee ee everything's gonna be alright,
alright I wanna lay low, not just 'cause I'm broke
I wanna stay home and have a kick back, tonight.
Sorry not sorry, am I (I, I) Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hotter
Like ayeee ee ayee ee everything's gonna be alright, alright tonight I don't need no debby downer, I just wanna
keep my buzz
I don't wanna no melodrama, I don't gotta trip because Ayeee ee ayee ee everything's gonna be alright, alright I
wanna lay low, not just 'cause I'm broke
I wanna stay home and have a kick back, tonight.
Sorry not sorry, am I (I, I) Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hotter
Like ayeee ee ayee ee everything's gonna be alright, alright tonight Aye aye, alright, everything's gonna be
alright
Aye aye, alright, everything's gonna be alright
Aye aye, alright, everything's gonna be alright
Aye aye, alright, everything's gonna be alright Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
So don't fear tomorrow, let that be the motto
And just pass the bottle and we'll make it hotter
Like ayeee ee ayee ee everything's gonna be alright, alright tonight Let's ditch the party and call everybody
And we'll make spaghetti and it'd be all ready
Ayeee ee ayee ee everything's gonna be alright, alright
