Faith Without Works

Hybrid Ice

Robert Scott Richardson

Every day every breath I take
Saints and sinners throughout this land
What we see is all an illusion
Words that are written hard to understand

As I take this journey looking back
I could change my world I wouldn't be
Who I am who I'll be tomorrow

Faith without works is dead
Faith without works is dead

Destitute I say to my brother
I hope you feel better that's all you need
If I'm for real a work in salvation
I'd give my house my home my key

As I take this journey looking back
I could change my world I wouldn't be
Who I am who I'll be no sorrow

Faith without works is dead
Faith without works is dead
We are lead to believe

It's not enough in just believing
We'll receive much more if we're willing to change
Just say the word we'll be on our way
To feel to breath to know we are living
Something kind of sad what we've become
If you hear my voice there is a way
What I've found I know is true
I have a lot that I have to do
I only hope you're forgiving
I look at the many things I've done
I never meant to hurt anyone
I need to live a life worth living

As I take this journey looking back
I could change my world I wouldn't be
Who I am, who I'll be no sorrow

Faith without works is dead
Faith without works is deal we are lead to believe
Faith without works is dead
Faith without works is dead we are lead to believe
