## EDL

Raise your voice in swells, find your meanings then  
Use your signs inside to relive and never care.No point in holding back on what you're holding  
    No matter it be shit or it be golden  
    Foundations shift, they're still shifting  
We set up, we set up our fallsHold on tight to your fears  
    Cause that's your hatred  
And that's your love as wellLearn to use all your fears  
    As a fuel, an engine  
    To get you where you needI must always remember...  
There's no point to surrenderNo point in holding back on what you're holding  
    No matter it be shit or it be golden  
    Foundations shift, they're still shifting  
We set up, we set up our fallsHold on tight to your fears  
    Cause that's your hatred  
And that's your love as wellLearn to use your fears  
    As a fuel, an engine  
    To get you where you needI must always remember...  
There's no point to surrenderI shift.I shift.
