

# Your Smile

## Eternal

Your smile, oh Your smile moves me I want you to show me how We're meant to be The way you smile Things started to change You walked through my door The look in your eyes reminds me of our first kiss Tell me you'll stay, I won't tell you no Tender and sweet is how love should go Your smile always moves me Your love's all I need 'Coz we're meant to be, you addicted me I want you to show me how I gave you my heart to use as a tool The way you smile Our love was so true, as sweet as a summer's day Calling my name, down on my knees Oh yeah Praying that you'd be here forever Your smile always moves me Your love's all I need 'Coz we're meant to be, you addicted me I want you to show me how To the way you smile (Said it moves me) Your smile always moves me (Always moves me) Your love's all I need I want you to show me how (Baby baby baby baby baby) 'Coz we're meant to be, you addicted me To the way you smile The way you smile baby Your smile always moves me Your love's all I need I want you to show me how Your smile baby 'Coz we're meant to be, you addicted me To the way you smile Your smile always moves me I want you to show me how Your love's all I need 'Coz we're meant to be, you addicted me To the way you smile Your smile always moves me Your love's all I need 'Coz we're meant to be, you addicted me I want you to show me how To the way you smile
