Bring Me The Sunshine

Jess Penner

(Verse 1)
You sent me a cord from paradise
With coconut trees and a turquoise sea
A nice little note that closed with x's and o's
A sweet little tease from you to me

(Chorus)
You bring me the sunshine (la, la, la, la, la)
You bring me the sun (la, la, la, la, la)
Bringing the the sunshine (la, la, la, la, la)
To everyone

(Verse 2)
It's been a cold, gray winter
And you've been away so long
You sent me a smile from the clouds and a kiss into the crowd
I almost forgot how perfect life could be

(Chorus)
You bring me the sunshine (la, la, la, la, la)
You bring me the sun (la, la, la, la, la)
Bringing the the sunshine (la, la, la, la, la)
To everyone

(Bridge)
So oh-oh-oh won't you come closer
And share with me the light you found
This place it grows, sparkles and glows
When you bring your little heart around (oh-oh-oh-oh)
I've been wishing on a wish
That you could find your way back home to me
And all the love you've missed because you

(Chorus)
You bring me the sunshine (la, la, la, la, la)
You bring me the sun (la, la, la, la, la)
Bringing the the sunshine (la, la, la, la, la)
To everyone
