

# Down On the Farm

## The Doors

Don't need none today  
His mind has gone astray  
'Cause we don't need none today  
Did you hear what I say?  
Don't need none todayGonna run a rainbow ragged  
City life's a real bad habit  
All the boys are down on the farmGonna run a rainbow ragged  
City life's a real bad habit  
C'mon along it won't do you no harm  
We're goin' down on the farmDon't need none today  
His mind has gone astray  
'Cause we don't need none today  
Did you hear what I say?  
Don't need none todayGonna run a rainbow ragged  
City life's a real bad habit  
All the boys are down on the farmGonna run a rainbow  
Gonna run a rainbow  
Gonna run a rainbow  
Gonna run a rainbowGonna run a rainbow ragged  
City life's a real bad habit  
C'mon along it won't do you no harm  
All the boys are down on the farmFrom the album "Other Voices"
