Touch Me

Heidi Montag

What cha waitin' for?
oooh, ooooh, oooooh
oooh, ooooh, oooooh
I used to be the kind of girl who kept it covered
I never let nobody see me for myself
I used to live inside a world undiscovered
Lost inside the secrets that I never meant to tell
But you got me feelin' so naughty
Make me wanna show you my body
Make you wanna take it all off me
I can't wait no more
Hurry up now baby come find me
Don't you know that I'm goin' crazy
You're the only one who can save me
What you waitin' for?
I know you're in the crowd
So come and save me now
I'm standin' all alone
And I feel so exposed
I know you're in the crowd
So come and free me now
I'm standin' all alone
And I just want you to touch me
(touch me)
oooh, ooooh, oooooh
I got your number baby (better check your message)
I don't know what you did but you're in tune with me
The people walkin' and they don't know what they're missin'
Wait until you see what I'm not wearing underneath
But you got me feelin' so naughty
Make me wanna show you my body
Make you wanna take it all off me
What you waitin' for?
I know you're in the crowd
So come and see me now I'm standin' all alone
And I feel so exposed

I know you're in the crowd
So come and free me now

I'm standin' all alone
And I just want you to touch me
oooh, ooooh, oooooh
You're the one who told me I should live my life out loud
(aaaaahhh)
You're the one who stole my heart and turned me inside out
And I, I can't turn back now
I know you're in the crowd
So come and see me now
I'm standin' all alone
And I feel so exposed
I know you're in the crowd
So come and free me now
I'm standin' all alone
And I just want you to touch me
(I know you're in the crowd)
But you got me feelin' so naughty
Make me wanna show you my body
(all alone)
And I feel so exposed
(I know you're in the crowd)
But you got me feelin' so naughty
Make me wanna show you my body
(body)
And I just want you to touch me
oooh, oooh, oooooh
(what you waitin' for, touch me)
oooh, oooh, oooooh
(what you waitin' for)
Touch me
