You spend your days on your own Thinking about troubles of your own You dream of the day You will accept your reflections all aloneYou're not the only one To feel that way you know I'm not the only one To feel that emptiness in meYou know, that's why I'd like to be somebody else Somebody without feelings Only sensations and moneyThere is nothing within my range That can bring this radical change Every day's the same The story's rather tameAmong everyone I know No one ever shows What in their heart grows Or I guess, I don't want to knowI'm afraid of what I'd see People disgust me When I find out What they're all aboutYou're not the only one To feel that way you know I'm not the only one To feel that emptiness in meYou know, that's why I'd like to be somebody else Somebody without feelings Only sensations and moneyOnly sensations
