Stay With Me

Liquido

If you want a lover (who'll) make you feel unbroken, yeah
If you want a brother (who'll) make you feel like at home
Home yeah-hay
Here's my devotion
'Till it's over, over baby

If you want a short man I would get my hair cut, cut
And if you want less than other girl, I'll be moving backwards
Backwards yeah-hey
Here's my confession 'till it's over, over yeah-hay

Stay with me my darling stay with me
'Till it's over, over, over, over
Yeah-heh-hay

Stay with me my darling stay with me
'Till it's over, over, over, over
Yeah-heh-hay

If I had the patience to build you up a fortress
Or if I had devotion I'd off to set a shooting star
Shooting star
'Cause I would do it by perfection
'Till it's over over yeah-hay

Stay with me my darling stay with me
'Till it's over, over, over, over
Yeah-heh-hay

Stay with me my darling stay with me
'Till it's over, over, over, over
Yeah-heh-hay

Stay with me...stay with me... (over)...stay with me..
(ooh..stay)...stay with me....
