

# Perfect Day (Feat. Juelz Santana)

Jim Jones

And I've been, looking at the stars all night  
Now I'm thinking how can I get away And I've been running in the streets all day  
And I've been looking at the stars all night  
It got me thinking how can I get away  
It got me thinking about a perfect day  
And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking 'bout a perfect day  
She got the babysitter watching the kids  
She gettin' sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day We could be anywhere in the world  
But we right here (but we right here)  
We gon' be right here (we gon' be right here)  
For this perfect day (for this perfect day)  
Got me thinking 'bout a perfect day My perfect day, no work today  
Got me thinking 'bout the breeze when the sun get hot  
On a water surface play  
Nah no turf today, told my man throw his work away  
I got a fool proof plan, make a couple of mil  
And I think it's gonna work today, ay And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking about a perfect day  
She got the babysitter watching the kids  
She gettin' sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day We could be anywhere in the world  
But we right here  
We gon' be right here  
For this perfect day  
Got me thinking 'bout a perfect day No gunshots no caskets  
No sirens flashing  
No V's no police no handcuffs no rips no lashes  
We drunk no crashes  
Twist it up no passes  
No sticks no skins no seeds we blowing the finest grasses And I've been running in the streets all day  
And I've been looking at the stars all night

It got me thinking how can I get away  
It got me thinking about a perfect day  
And I could tell you something we both know  
We can hustle but the streets get cold  
And I've been thinking how can I get away  
It got me thinking 'bout a perfect day  
She got the babysitter watching the kids  
She gettin' sexy in here all day  
She gonna party all her troubles away  
She must be thinking 'bout a perfect day
