

Stay the Night

James Blunt

Wooooah, Wooooah, Wooooahh, hey! It's 72 degrees, zero chance of rain
It's been a perfect day
We're all spinning on our heels, so far away from real
In Californ-i-a We all watched the sunset from our car, we all took it in
And by the time that it was dark, you and me had something, yeah! And if this is what we've got, then what
we've got is gold
We're shining bright and I want you, I want you to know
The moon is on it's way, our friends all say goodbye
There's nowhere else to go, I hope that you'll stay the night Wooooah, you'll stay the night, wooooah
yeah We've been singing Billie Jean
Mixing vodka with caffeine
We've got strangers stopping by
And though you're out of tune
Girl you blow my mind, you do
And all I'll say is I don't wanna say good night and if there is no quiet corner to get to know each other
then there's no hurry I'm a patient man
As you'll discover, ah! Cause if this is what we've got, then what we've got is gold
We're shining bright and I want you, I want you to know
The moon is on it's way, our friends all say goodbye
There's nowhere else to go, I hope that you'll stay the night wooooah, you'll stay the night, wooooah yeah Just
like the song on my radio said,
We'll share the shelter of my single bed
But it's a different tune that's stuck in my head
And it goes... If this is what we've got, then what we've got is gold
We're shining bright and I want you, I want you to know
The moon is on it's way, our friends all say goodbye
There's nowhere else to go, I hope that you'll stay the night If this is what we've got, then what we've got is gold
We're shining bright and I want you, I want you to know
The moon is on it's way, our friends all say goodbye
There's nowhere else to go, I hope that you'll stay the night
