

# Big Plans

## Ginuwine

Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that  
Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that Girl, I know we just met tonight and this may seem like a line  
But I'm not the playa type, normally you wouldn't find me  
Under the club light in search of a love life  
But you shakin' that stuff right, I think I should make you my wife Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that  
Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that You probably think I'm tryin' to crush tonight  
'Cause I gotta look of lust like crust in my eye  
No matter what I say, keep it tight  
Keep it away from me like Superman and kryptonite  
You see, I'm not thinkin' short term, I've learned  
Givin' everybody turns, come on out like a bad perm  
You got the stuff I wanna beg to earn, oh baby, yeah Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that yeah  
Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that I know this sounds crazy boo, I ain't even known you two  
Things that I'm opened to, the way that I propose to you  
Must think I'm some kind of fool, don't you?  
You can call it with your finger but I'm thinkin' we gon' jump back Back seat of my jeep, let's swing an episode  
Her neck and wrist all froze, I'm tryin to catch a cold  
Clip in the tray, we sippin' away on that zayg  
In the mission, slowly slippin' away  
Ain't life funny, don't nothin' move but that money  
Oh boy, honies, lookin' like playboy bunnies  
They whole swagger, that be the type that I go after  
They get more attention 'cause their asses more fatter And every dog gotta have her but I ain't trying to make  
her uncomfy  
Or cramp her style like I'm ugly, how many women want a man  
With big plans, big feet and big hands?  
Ya understand why the daddy wears the big pants

I'm big boned and if this symbolizes my life, I live long  
My funny valentine, won't you be mine?  
50 gran on the wedding band, tell her G wine  
Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that  
Baby, I got big plans, a big ring, a small hand  
A big cake, the bridesmaid, the best man  
One day we gon' have all of that
