"I morgen skal eg daue"intro (spoken):Yeah!

Why do American punk-rock boys always go out with the American new-wave hooker girls?

I don't know!

I don't like it!

I come from Norway and we don't like punk-rockers going out with the little bullshit new-wave hooker girls

We are going to teach you all a lesson

In Norway punk-rockers go out with punk-rock girls or telephone hookers, unless...they go out with themselves and do homosexual activity

This is a Norwegian folk song from Bergen, Bergen-Belsen, it is called
"Tomorrow I'll Be Dead Because I Went Out with a New-Wave Girl Even Though I Was a Norwegian Punk-Rocker!!!"

Here we go with the song...
