

Delusional Shone (feat. Twelve'len)

Denzel Curry

How many niggas is hanging and pimping is evident when none of you niggas got pimp in your blood

 All of y'all watered down like a tub full of suds

 I can not fuck with you let me roll up my bud

 Girl you look like a dime but can you roll up a dub

 Go to the club you said you ain't looking for love

 But you dark and lovely and the night was gusting

Marijuana and bubbly like your body damn luscious? you without clothes is the only thing I'm seeing

 Hair swaying you hear what I'm saying I may be a group but this Time I'm not playing

 This conversation was start of creation, creating a game that was shown to me

 Niggas be praising you hopeless to play with you sorry my dude you're just shone to me

 Well it's cool to us if you want to be shown

 We'll just blame it on the fact that she just don't know

It's cool cause you are delusional cause you know that we know that you are what you are you're a shoneI

 respect the ladies no love for these hoes

 Whats the point in fucking bitches when that shit gets old

 Seen it time and time again the way that you don't know

 So I had to switch the game up cause fuck bitches get old

 Never been saddled down boy its just another boy chasing after these skirts

 All of these hoes only know what I worth

 Yeah I got a girl don't want her to get hurt, mane

 Bout to go way back home, away from the life full of sin

 That billie jean and a cup o' gin

 I know you wanna fuck don't pretend shawty

 Well it's cool to us if you want to be shown

 We'll just blame it on the fact that she just don't know

Its cool cause you are delusional cause you know that we know that you are what you are you're a shoneLove me
