

# Spritz!!! Spritz!!!

## Minus the Bear

We gotta get out of this one man-  
8, 9 hours more we drive.  
Someone has to take the wheel now man-  
it's my last mile to drive.  
This is just like sailing-  
the Caddie's hydroplaning. We'll get time to relax,  
we'll get time to plan,  
on the Westside. The weather's been fucking with us non-stop man-  
this mountain road I can't navigate  
With all the snow and the ice this is like a sport-  
and I can't participate.
