

# Angels of Clarity

## Dead By April

My life was brought into a nightmare  
Dark shadows surrounded me  
Five times the pain of torture is buried deep within me  
It makes me shiver down my spine to even think it  
Talk to me, what is the reason?  
I'm finished, answer me  
Completely blinded by agony  
Save me from myself  
Save me falling down, angels of clarity  
(I am dead by anxiety)  
Save me frozen inside, angels of clarity  
(I am dead by anxiety)  
I'm going insane it feels like I am lost  
The panic, the fear  
The mind tricks is haunting me  
Is this my destiny?  
Talk to me, what is the reason?  
I'm finished, answer me  
Completely blinded by agony  
Save me from myself  
Save me falling down, angels of clarity  
(I am dead by anxiety)  
Save me frozen inside, angels of clarity  
(I am dead by anxiety)  
Leaving all tears behind  
(Angels of clarity, show me the way)  
Leaving my past behind  
(I'm about to fade away, show me the way, angels of clarity)  
Save me from myself  
Save me falling down, angels  
of clarity  
(I am dead by anxiety)  
Save me frozen inside, angels of clarity  
(I am dead by anxiety)  
Save me falling down, angels of clarity  
(I am dead by anxiety)  
Save me frozen inside, angels of clarity  
(I am dead by anxiety)
