Chances

Athlete

Take all your chances while you can
You never know when they'll pass you by
Like a sum the mathematician cannot solve
Like me trying my hardest to explainIt's all about your cries and kisses
Those first steps that I can't calculate
I need some more of you to take me overTake me overIf I had the chance to start again
Then you would be the one I'd come and find
Like the poster of Berlin on my wall
Maybe there's a chance our walls might fallIt's all about your cries and kisses
Those first steps that I can't calculate
I need some more of you to take me overIt's all about your cries and kisses
Those first steps that I can't calculate
I need some more of you to take me over
I know I because I can't calculateHow to start again
How to start again
How to start again
How to start againIt's all about you
