Voice In a Dream

Thunderstone

When the lights go down and the night comes in
I can feel the breeze around me
I can hear the sound of a broken glass
Every time I try to sleepI hate my past, I'm afraid of the future
I close my eyes and I hear it comingVoice in a dream
What's going on inside my head
Every night I can hear this
Voice in a dream
What's going on inside my headYears go by still I'm going on
For the reasons only I know
Now I'm here to stay, never looked away
When you came so close to meI'm standing strong, stronger than ever
Still when I close my eyes I can hear it comingVoice in a dream
What's going on inside my head
Every night I can hear this
Voice in a dream
What's going on inside my headI feel it coming, I see it coming
I close my eyes and hear it coming
Voice in a dreamI'm standing strong, stronger than ever
Still when I close my eyes I hear it comingVoice in a dream
What's going on inside my head
Every night I can hear this
Voice in a dream
What's going on inside my headVoice in a dream
What's going on inside my head
Every night I can hear this
Voice in a dream
What's going on inside my headI can hear, I can hear
I can hear some voice in my head
I can hear, I can hear
I can hear some voice in my head
