Come And Get It (featuring Lyrical)

Shrub

if you want some, baby, come and get it.
if you need some, baby, come and get it.
if you want some, baby, come and get it.
if you need.....i would hit it, i would split it,
i would do something so wicked,
get you twisted, get you wishing,
that your man was just as gifted,
but he isn't. so just listen,
girl i hear that you've been missing,
this attention, did i mention?
my intention is connection,in the bedroom, in the basement
i will taste it, i'll be patient,
give you face and make you crazy,
cause,
that's what you be craving,
cause,
that's what you be thinking of,
that's what you be dreaming of,
rock your world, girl,
give you what you really love.and I know that, we just cant fight it,
and I know that, we need to try,
so don't hold back, it's now or never,
so don't hold back, 'cause tonight's the night.if you want some, baby, come and get it.
if you need some, baby, come and get it.
if you want some, baby, come and get it.
if you need.....just come and get it.If you're looking for a little something.
I can show you what you what you want, and give you what you need.
The way your eyes are looking got me wondering.
if that little something might just be a piece of me.
Ya know the dance floor is off the rocka.
for real.
fingertips touch when we started.
what's the deal.
really nice place and this lady is laced with a feline figure with a feminine face.
so I moved up closer and I told her you're fine.
she looked at me, rolled her eyes, said "pay me no mind".
then she flipped her hair started whispering in my ear,
she said sit back, relax, I'm gonna show you something here.
she started rockin booty poppin given it everything she's got,

sitting there, thinking oh my god and...
what's the deal?
then she started with that body rocking, swingin around and tic tockin,
got my jaw droppin like a...
oh for real.
then she slow wind.
right up on the beat.
then she slow wind,
I'm talkin right here on time,
then she slow wind.
right up on the mix,
I hope you don't mind,
no, I don't mind it at all.if you want some, baby, come and get it.
if you need some, baby, come and get it.
if you want some, baby, come and get it.
if you need.....just come and get it.i know a girl like you, you need the finer things,
and i'm not talking 'bout, mansions and diamond rings,
and i'm not talking 'bout, 5 figure shopping sprees,
see what i talk about, is right between your knees,he's got you locked up,
girl i got ya keys,
see i can make you hot,
he only makes you freeze,
he leaves you lying there,
he leaves you begging please,
i'll give you what you want.
i'll never, ever tease,and I know that, we just cant fight it,
and I know that, we need to try,
so don't hold back, it's now or never,
so don't hold back, 'cause tonight's the night.if you want some, baby come and get it.
if you need some, baby come and get it.
if you want some, baby come and get it.
if you need.....just come and get it.if you want some, baby come and get it.
if you need some, baby come and get it.
if you want some, baby come and get it.
if you need.....just come and get it.
