

# Sweet Like Sugar

## Uncle Jed

You took me out and told me I was gonna fly  
I didn't think to ask if I could crash and die  
You knew exactly just what to do a little glue  
Another baby for me to lay my eyes on  
But you saved me you broke me down to save me  
And now we're sweeter than before Cause I was sweet like sugar, sweeter than gold  
Sweeter than another ever told me so  
Oh yeah we're sweet like sugar, sweet like I know  
And now I've gone and made it easy, I made it easy  
Let you go  
So all along I was beside the scene know what I mean  
You're walking me away so take it while it's clean  
You thought that we were cuter than a toy, oh what a joy  
Another baby for me to run and hide from  
But you saved me you broke me down to save me  
And now we're sweeter than before Because you're sweet like sugar, sweeter than gold  
Sweeter than another ever told me so  
Oh yeah we're sweet like sugar, sweet like I know  
And now I've gone and made it easy, I made it easy  
Let you go To let you go Sweeter than nothing, sweeter than sin  
Sweeter than nothing faking a grin  
Sweeter than nothing, sweeter than sin  
Sweeter than nothing  
And I was sweet like sugar, sweeter than gold  
Sweeter than another ever told me so  
Sweet like sugar, sweet like I know  
And now I've gone and made it easy, I made it easy Sweet like sugar, sweeter than gold  
Sweeter than another ever told me so  
Oh yeah we're sweet like sugar, sweet like I know  
And now I've gone and made it easy, I made it easy Sweet like sugar, sweeter than gold  
Sweeter than another ever told me so  
Oh yeah we're sweet like sugar, sweet like I know  
And now I've gone and made it easy, I made it easy
