

Jubilation

Barbra Streisand

Rejubilation with some celebration beginning
Total rejection to lies and deception and sinning Sinners take key
For the life that you lead is deceiving
Nothing replaces a man
That embraces believing, no People take heart
It's the time to be sport
To be honest
Total reunion
There's one last communion upon us Sinners take the key
For the life that you lead is deceiving
Nothing replaces a man
That embraces believing, no You know I'm betting, I'm betting on Jesus
I'm betting on Jesus, I'm hoping
I'm hoping hell freezes
I'm hoping it just freezes
The devil, I'm talking 'bout the devil Oh oh oh, Ooh Ooh Ooh As for the children
God bless and God will
They'd know sorrow
Share the confusion
And life's disillusion tomorrow Sinners take key
For the life that you lead is deceiving
Nothing replaces a man that embraces believing, no You know I'm betting
I'm betting on Jesus
I'm hoping, I'm hoping hell freezes
I'm hoping, I'm hoping it just freezes the devil
Get down on the devil Hey Jubilation with some celebrating beginning
Total rejection to lies and deception and sinning Sinners take key
For the life that you lead is deceiving, yeah
Nothing replaces a man
That embraces believing, no Jubilation, jubilation, jubilation
I said jubilation
Oh oh oh, hey, jubilation
I need it now - Hey Jubilation
Hey, Jubilation
I'm gonna have a great jubilation
Get some celebration
Hey Jubilation
Lemme hear you say
Lemme hear you say

Yeah
