

Intentions

Manchester Orchestra

God is all of the time
Red Foxwood Baptist sign tonight
Some local kid lit a fire
They burned down everything in sight I won't leave
intentions of me God is watching tonight
How long can you be not enough
All the progress you made
Won't end up meaning anything I won't leave
intentions of me
I won't leave
intentionally Doesn't matter to me
I tell myself repeatedly
What a nightmare to see
To honestly think anything I won't leave
intentions of me
I won't leave
intentionally
