wealthy man

Doug Walker

Oh, I see sunny days
Oh, I go that far
You and the night is over
Will you tell me that
You've always been thinking of meIndirectly you say to me
The hand of a night is not a hand for meThat's the most sad I've ever heard
From another man, a wealthy man
That's the most sad I've ever heard
From another man, a wealthy manOh, I still see sunny days
Oh, I go that far
You and the night is dragging on
Maybe, I will dream that you will tell me
You 've always been thinking of meIndirectly you say to me
The hand is not a hand for me
Indirectly you say again
The hand of the night is not a hand for meThat's the most sad I've ever heard
From another man, a wealthy man
That's the most sad I've ever heard
From another man, a wealthy man
